

Investment for Community Security

The estimated cost to complete the construction of the new distribution facility and community center, including property acquisition, is \$17,750,000. But your donation is more than just a gift; it is an investment. This investment will ensure that our community remains strong for many years to come and that our neighbors are well cared for now and in the future. The gifts in the charts offer a series of funding benchmarks. We may not all have the ability to give at the same level, but we can all sacrifice. Your investment is greatly appreciated regardless of the amount.
